

Signor Marconi's Magic Box: The Invention That Sparked the Radio Revolution (Paperback)

By Gavin Weightman

HarperCollins Publishers, United Kingdom, 2004. Paperback. Book Condition: New. 194 x 128 mm. Language: English . Brand New Book. The intriguing story of how wireless was invented by Guglielmo Marconi - and how it amused Queen Victoria, saved the lives of the Titanic survivors, tracked down criminals and began the radio revolution. Wireless was the most fabulous invention of the 19th century: the public thought it was magic, the popular newspapers regarded it as miraculous, and the leading scientists of the day (in Europe and America) could not understand how it worked. In 1897, when the first wireless station was established by Marconi in a few rooms of the Royal Needles Hotel on the Isle of Wight, nobody knew how far these invisible waves could travel through the ether , carrying Morse Coded messages decipherable at a receiving station. (The definitive answer was not discovered till the 1920s, by which time radio had become a sophisticated industry filling the airwaves with a cacaphony of sounds - most of it American.) Marconi himself was the son of an Italian father and an Irish mother (from the Jameson whiskey family); he grew up in Italy and was fluent in Italian and English,...
