THE EDICT: A NOVEL FROM THE BEGINNINGS OF GOLF

Knopf, 2007. Paperback. Book Condition: New. Reprint Edition. Knopf 2007 Reprint Edition New/ SOFTCOVER. Prerelease version. From Renowned "golf architect" Cupp's love of the game, plus loads of hooks, slices, mulligans and flying divots give his debut a charming and suspenseful flair. In 15th- century Scotland, golf is popular among commoners and noblemen alike, but no one swings a club better than young shepherd Caeril Patersone. Caeril and his best friend and clubman (caddie) Micael Carrick are favored to win the annual champion tournament at St. Andrews. But a devious nobleman who has made a bad wager and his crooked moneylender set out to orchestrate an upset by enlisting Eta, the beautiful daughter of a debt-ridden family, to distract Caeril during the match. If that scheme fails, they also have a more ruthless and final solution to their problem. Caeril, Micael and Eta must act to save their lives, but the nobleman has one more trick to protect his wager: he must convince the king to ban golf, thus canceling the tournament before it concludes. (This true but short-lived event occurred March 4, 1457.) How the Scottish golfers prevail adds much to this lively and colorful tale of playing golf with someone who refuses to lose. Golf history has become a surprisingly marketable topic lately (see Tommy's Honor, p.16), but Cupp goes beyond history to prehistory. Set in mid-fifteenth-century Scotland, when shepherds were the most accomplished golfers in the land, the...
