Regent College Publishing,US, United States, 2005. Paperback. Book Condition: New. 200 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****.In his classic book, Harry Blamires defined and explained the essential qualities of The Christian Mind. Here he exposes the agenda of the secular mind, vividly describing the way the media is trashing Christian principles in every area of life-human rights, marriage, family, morality, health, economy, environment, politics. What we need, says Blamires, is a Christian backlash, a vigorous reponse to the new paganism of the contemporary world. Like C.S. Lewis, his teacher at Oxford and later his friend, Harry Blamires has written prolifically, from textbooks in his professional field to Christian fantasy novels and diagnostic apologies for mainstream faith. His constant concern as a literary disciple is to display and defend the Christian way of thinking in a non-thinking world. The Post-Christian Mind is true journalism . . . shrewd reporting of what people around us think and do, with interactive comment offered on a basis of common humanity, common sense, and Christian insight. . . The masterful clarity and precision of the analysis offers wisdom for us all. - J.I. Packer, author of Knowing God.
