Language: English Brand New Book ***** Print on Demand *****.Excerpt from Growth During School Age, Its Application to Education This translation of Doctor Godin's *La croissance pendant l'âge scolaire* is presented to American students of education for the purpose, first, of introducing the writings of a Frenchman who has long been a student of scientific education. Nearly forty years ago the author began the study of education. He has written much and many of his works have won recognition from the highest scientific societies in France. The author merits a wider circle of acquaintances in the United States of America than he has apparently enjoyed up to the present time. A second purpose is to direct greater attention to the contributions to the theory and practice of education in France. The translator inclines to the thought that American educators have tended too much to neglect French educational practice in the study of education. A more careful study of the work of the French along the line of scientific education will prove fruitful to American teachers and educators. In itself this work of Doctor Godin should...
