How many times has that phrase run through your mind while you frantically searched for a tiny slip of paper? Akk. Been there, done that. Didn't like the panic. And I can't tell you the number of times I've had to go through the get-a-new-password process. Do I hear a yes from you, too? **REMEMBER! Your Simple Solution to Keeping Organizing Passwords** is the book I created to help me--and you--avoid the stress. Life should be easier, don't you think? I bet you've done this: writing down passwords in a small notebook. For me, that didn't go well. Everything was still disorganized and hard to find because it wasn't alphabetical. Has that happened to you? With **REMEMBER!** you have: 1) An alphabetical section for recording passwords and related key information. This includes extra spaces for updating passwords as you change them. 2) A section for other crucial information such as about your Internet service provider. 3) A place to record important email addresses so you don't lose them if your email gets hacked. 4) An area for notes. This is the most generous sized edition of **REMEMBER!** Two smaller sizes are available.
